

3rd May 2023

Dear Parent/Carer

Year 11 – Booster sessions for exams, last day and Leavers' Assembly

You may be aware that the Year 11 students have received a programme of assemblies over the last 6 weeks to provide them with additional support and guidance for the upcoming examination period. These Route to Exam assemblies are available for you to view on the website on the Preparing for Exams tab [here](#).

We are very aware that the education of students in Year 11 across the country has been disrupted over the last few years due to Covid-19. Whilst we are confident that they are prepared for their exams we are eager to continue to support them during the exam period.

With this in mind, we have planned for students to have a 'booster exam session' immediately prior to each exam, and for additional revision sessions to be provided for English, Maths and Science the day before their exam. Consequently, students will be expected to be in all of their lessons until 11.00am on Wednesday 14th June, unless they are attending an exam, a booster session or a revision session.

Morning booster sessions start at 08.00am and students should arrive by **07:55am** on the days when they have them timetabled. The attached document shows when every exam is timetabled and when and where each booster and revision session takes place. It also provides key information regarding the last week of term.

Last Day – Wednesday 14th June 2023

On Wednesday 14th June students will all sit a Maths exam in the morning. Once this exam is finished students will no longer be expected to be in lessons, and will leave the school site. The only exception to this is those students who have a Music exam in the afternoon of the 14th June. They will be expected to attend their Music Booster session prior to their exam.

Leavers' Assembly – Thursday 15th June 2023

On Thursday 15th June we will mark the end of your child's compulsory education at Brookfield with a celebratory Leavers' Assembly in the Hall. All students are to attend a Physics revision session from 08:30am to 09:20am. This will then be followed by the Leavers' Assembly. Once the assembly is finished, at approximately 10:30am, students will leave school for the day.

Please note that during all of the exam period and the Leavers' Assembly students are expected to attend school in their **full school uniform** and should be equipped with revision material at all times.

We recognise how hard our students have worked over the last few years and are proud of how they have overcome the challenges that have faced them. We wish them all the best with their exams and will continue to support them over the next few months. We will send out information later in the term regarding the arrangements for results day and enrolment into Brookfield Sixth Form.

Yours faithfully

A handwritten signature in black ink that reads "R. Mason". The letter "R" is large and stylized, with a long horizontal stroke that extends to the right and then loops back under the "Mason" part of the signature.

Mrs R Mason
Deputy Headteacher

Year 11 Examination Preparation Programme **Student Information Sheet 2023**

The next few weeks are the most important few weeks of your school so far. We have put this booklet together to support your preparations for all of the examinations during the next few weeks.

The week by week timetable that follows contains information relating to your normal timetabled lessons, dates of each of your examinations, booster sessions and warm ups.

How to Use this Exam Preparation Programme

It is expected that you will be in school for all lessons and attending normal timetabled lessons until 11am on Wednesday 14th June (after your last Maths exam).

The only times that you **do not** follow your normal timetable is if you have any of the following;

- An examination
- A Booster session
- An Exam Revision session

Last Day – Wednesday 14th June

You are expected to be in school until the end of your Maths exam on Wednesday 14th June. If you who have a Music exam on that day you should stay in school to attend the Music Booster session prior to your exam.

Leavers' Assembly – Thursday 15th June

You must be in **full school uniform**. If you arrive without school uniform on you will not be allowed in school.

You are expected to attend a Physics revision session at 8:30am on the morning of Thursday 15th June – this is to replace the science lesson for that day. Following the revision session there will be a Leavers' Assembly in the Hall. The assembly will finish around 10:30am, after which you will leave school for the remainder of the day.

Friday 16th June onwards

You should continue to attend the Booster and Revision sessions timetabled, which include:

Friday 16th - Physics Booster session at 8am and Geography Booster session at 11:20am

Monday 19th June – Design Technology Booster session at 8am

Wednesday 21st June – Hospitality & Catering Booster session at 8am and Further Maths Booster session at 11:20am.

Where you do not have an examination, Revision or a Booster session you need to do independent revision at home for any remaining exams. You are still welcome to attend any normal timetabled lessons in subjects that you still have exams in. Please sign in and out at reception.

Your attendance to Booster Sessions and Revision Sessions is compulsory.

What if I have a timetabled lesson in a subject, but I have taken all the exams in this subject?

There will times when you are attending a lesson in a subject when the exams for that subject are all finished. You are expected to bring revision with you to school every day, so that in these lessons you can revise in a structured and supported environment.

Why, if I have an exam in the afternoon, do I need to go to my lessons in the morning?

We have planned for each exam to have a Booster Session immediately prior to the exam ensure you are fully prepared for your exam. As we have had a disrupted two years, it is crucial that all lessons are attended in all subjects.

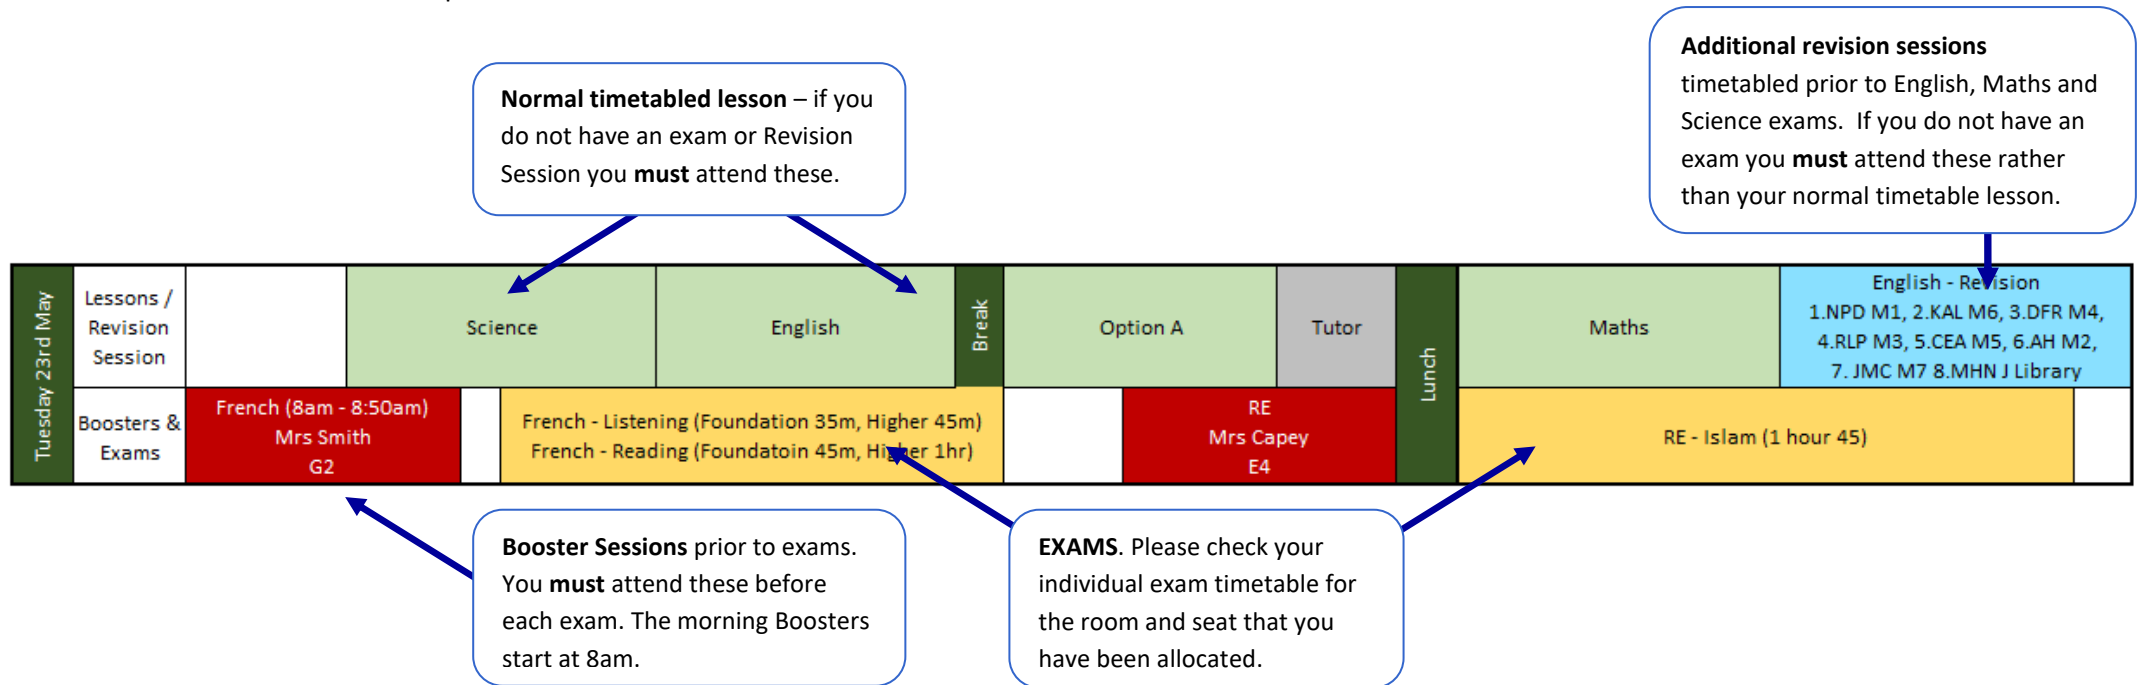

For Information: The Year 11 Prom is on Monday 26th June

Exam Period Programme

The main examination period covers a 5 week block, starting Monday 15th May and continuing until Wednesday 21st June, although students all have their own individual timetables.

In the Exam Period Preparation Programme document is the programme for the entire exam period, showing when every exam is and when all the Booster Sessions and additional Revision Sessions take place.

Examinations in the morning:

You should arrive at school for 8am and attend the Booster Session. When the Booster Session has finished, you will be expected to go H1a to drop off your bag and then to the room indicated on your individual examination timetable – these will also be displayed each day on the Exam Noticeboard near the Blue corridor. Morning exams will begin at 9am.

Examinations in the afternoon:

Y11s will always be first into lunch during the exam period. When you have finished your lunch at 12:40, you will be expected to go straight to your exam.

Good luck and make yourself proud!
